If you have ever custom painted a utility box, painted a mural, or participated in a public art project, please tell us about it. If you have images of your public art, please include them with this application.

The following guidelines must be adhered to in all applications:

- The artwork included on the application must closely resemble the art to be painted on the box.
- Artwork will reflect the theme “Cultural Connections”
- When painting the box, it should be done in a manner that no moisture gets inside the box through any vents. Keyholes and handles must be left unpainted. Vents should also not be covered so as to not restrict airflow.
- Artwork containing a majority of dark colors will not be considered due to potential for overheating.
- Images of selected artwork will be used in ODMD publicity campaigns and marketing, with credit given to the artist.
- Proposed artwork cannot contain copyrighted or trademarked images, brand names, or work copied from another source. Artwork cannot be of an offensive nature including but not limited to sexual, political, religious images.
- All mediums will be considered including, but not limited to: spray paint, acrylic paint, and printed vinyl wrap applications.

Images of the boxes and dimensions are attached to this application along with map of locations.
